A POCKET GUIDE TO COMPLIANCE ASSISTANCE PROGRAMS IN THE NJDEP

New Jersey Department of
Environmental Protection
401 East State Street
Trenton, New Jersey 08625

Visit our web site at: www.dep.state.nj.us

OUR GOAL

Compliance assistance is an important component in operating a successful regulatory program. We strive to educate facility operators when violations are discovered and; more importantly, to educate the regulated community to help them prevent violations which impact human health and the environment. NJDEP offers free assistance in a variety of programs, which include but are not limited to; air, water, solid waste, hazardous waste, Right to Know, TCPA, DPCC, underground storage tanks, permitting, finance, construction and historic and natural resources. The phone numbers included in this brochure can be used to help businesses and municipalities understand their regulatory obligations.

COMPLIANCE ASSISTANCE PROGRAMS

CAN HELP YOU:

- * Determine what permits your facility needs
- * Understand your regulatory obligations
- * Schedule a free on-site visit to locate and correct areas of concern without penalty, in the majority of cases.

- * Obtain free guidance on how to reduce or prevent pollution and waste flow
